For over 90 years, building professionals have relied on GIB® plasterboard systems. Developed for local conditions, they meet or exceed the New Zealand Building Code, are BRANZ appraised and are backed by full technical information and support to give complete confidence in using GIB® Plasterboard Systems*.

*When installed and maintained strictly in accordance with the relevant Winstone Wallboards literature current at the time of installation and under normal conditions of dry internal use, unless otherwise permitted in GIB® literature.

Winstone Wallboards is committed through its heavy investment in quality management and technical support to ensure that GIB® products and systems perform as claimed. Comprehensive statements of 'fitness for purpose', functional performance and code compliance (including durability) are contained in GIB® literature and in the relevant BRANZ Appraisal.

SYSTEM AND PRODUCT COMPONENTS

A system is a group of related product components that interact to perform a task. Ensure the full GIB® building system, including the appropriate GIB® branded products, are specified and installed. This will ensure performance is not compromised and that any failure that is attributable to GIB® products and/or systems will be supported. Winstone Wallboards is unable to support system performance where substitute products are used as these have not been tested by us as part of our systems and we cannot be responsible for the ongoing quality and performance of these products.

PRODUCT AND SYSTEM WARRANTY

The Winstone Wallboards warranty covers GIB® products and/or systems for a minimum of 10 years from the date of purchase. Individual GIB® products are always covered by the GIB® product warranty even if these are not used as part of a full GIB® system. Winstone Wallboards warrants that GIB® products will be free from defects caused by factory workmanship or materials and, subject to compliance with the conditions attached, that the product or system will perform to the extent set out in relevant Winstone Wallboards published literature current at the time of installation. Nothing in this document shall exclude or modify any legal rights a customer may have under the Consumer Guarantees Act or otherwise which cannot be excluded or modified at law. This Product and System Warranty is transferable to subsequent owners of the building.
