

Hamilton Plasterboard Recycling Services

Hamilton based building sites can now order 'plasterboard only' collection bags from Purpose Fill Waste Services. The 2m³ bags are tough enough to handle up to 1000kg plasterboard offcuts.

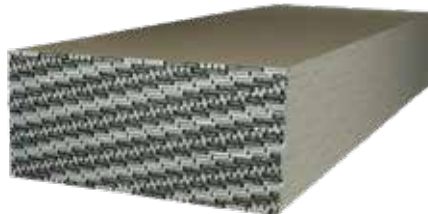

Simply fill the bag with your plasterboard offcuts then call or email us to arrange a site pick up.

The full bag is then sent to a specialist recycling provider where offcuts are reprocessed for use in a of products including compost and agricultural products.

✓ GIB® PLASTERBOARD ACCEPTED

Hamilton Plasterboard Recycling Services

ENVIRONMENTALLY RESPONSIBLE:

- Building owners and the New Zealand construction industry are increasingly demanding more environmental responsible construction processes.
- Landfill disposal costs are also rising as existing sites become increasingly capacity constrained.
- The Purpose Fill plasterboard off-cut collection service provides a simple way to reduce the amount of plasterboard off-cut waste destined for landfill.

GREENSTAR AND HOMESTAR ACCREDITATION:

- The Purpose Fill plasterboard recycling service can provide accurate waste diversion from landfill reporting to help meet your projects Greenstar or Homestar landfill diversion targets.

SIMPLE AND EFFICIENT:

- Purpose Fill plasterboard recycling bags can be easily ordered from the Purpose Fill website www.purposefill.co.nz.
- When the bag is full simply call or email the Purpose Fill team to arrange the pickup
- Offcuts are then sent to a specialist recycling operation for sorting and processing into composting and agricultural products.
