

Plasterboard Recycling Service

WasteCo is New Zealand's only Toitū Envirocare Diamond Certified Waste Collection and Diversion company.

We divert over 50% of our waste from landfill, and plasterboard represents a good portion of that waste - from offcuts to demolition! Our plasterboard is sorted, then processed by a leading landscaping company in Canterbury.

Ready for us to help?

- 1) Simply give us a ring and organize a bin or skip just for plasterboard, or
- 2) Put it into your general waste skip and we'll sort it on our sorting line

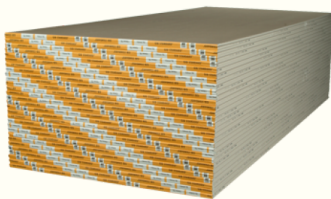

For more information:

Call **0800 3411 11 11** or email: dispatch@wasteco.co.nz

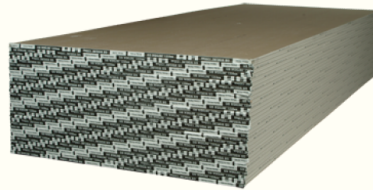

WasteCo Sorting Facility: **15 Kilronan Place, Wigram Christchurch**
